## SUMMARY

Front-end developer with 2 years of expertise in **React.js** and modern web development. Skilled in building responsive interfaces, implementing state management solutions, and integrating MongoDB for backend. A strong understanding of the software development lifecycle ensures quality code delivery. Proven track record of collaborating with cross-functional teams in agile environments to deliver impactful web applications that prioritize user experience.

## TECHNICAL SKILLS

- |                     |                  |                |                     |
|---------------------|------------------|----------------|---------------------|
| • React.js          | • CSS3           | • NextAuth     | • Git               |
| • JavaScript (ES6+) | • MongoDB (CRUD) | • Tailwind CSS | • RESTful APIs      |
| • HTML5             | • Next.js        | • Bootstrap    | • Responsive Design |

## EXPERIENCE

### i4interface

June 2023 - Present

Frontend Developer

Kochi, Kerala

- Developed responsive and interactive user interfaces for web applications using **React.js**, **Next.js** and css frameworks like **Tailwindcss** and **Bootstrap**.
- Implemented **NextAuth** for secure user authentication and integrated it with MongoDB for user data management.
- Collaborated with backend developers to integrate RESTful APIs and ensure seamless data flow between frontend and backend systems.
- Designed and implemented reusable React components, ensuring code reusability and maintainability.
- Worked in an Agile environment, participating in daily stand-ups, sprint planning, and code reviews.

## EDUCATION

### Sree Narayana Arts and Science College, Kadamangalam

2019 – 2022

B.Sc - Computer Science - **CGPA: 7.2**

N. Paravur, Kerala

## PROJECTS

### Zodic Pulse - AI-integrated Astrology App

- Developed the frontend for a personalized astrology app with engaging games and an astrology store.
- Implemented **GSAP** for smooth animations and transitions.
- Ensured responsive design and cross-browser compatibility.

### Care Home Management System

- Designed and developed the frontend for a comprehensive care home management system.
- Created intuitive and user-friendly interfaces using **React.js** and **Tailwind CSS**.
- Included features like weight monitoring, medicine consumption timer, custom forms, medication management etc.
- Integrated RESTful APIs for data retrieval and display.

### CRM Software for Interior Design Company

- Built the frontend for a CRM solution tailored for an interior design company.
- Implemented reusable components and responsive layouts using **Next.js**, **ShadCN** UI library and **Tailwind CSS**.
- Added role based access for multiple roles like BDM, BDE, Sales head and Admin.
- Collaborated with backend developers to integrate APIs and ensure seamless functionality.

## TOOLS

**Design Tools:** Figma, Adobe XD, Photoshop, Illustrator

**Development Tools:** VS Code, Git, npm, Vite

**Technologies/Frameworks:** React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap, MongoDB

## SOFT SKILLS

---

- Collaboration
- Communication
- Time Management
- Teamwork
- Problem Solving
- Attention to Detail
- Adaptability

## ACHIEVEMENTS

---

Participated in Figma Config 2024

Completed UI/UX Design Course - Udemy

Participated in Next.js Conf. 2024

Participated in TCS Hackathon

## EXTRACURRICULAR

---

- Taken seminar on Blockchain Technology and Crypto Currency
- Photography
